*Prospective Board
Member '23*

KATELYN
DOUGHERTY,
ESQ.

I am writing to express my interest in a HPCH's Board Member position. I am confident I have the qualifications and skills necessary for the position, and I'm eager to put my knowledge and experience to work for the good of our community. After being a resident of HPCH for over a decade (as both a renter and owner), it's safe to say I'm invested in our community and seek a role that will allow me to contribute toward its growth in an impactful way.

I've had over thirteen years of experience in the legal industry. With an initial background in commercial real estate and land use, and extensive experience in corporate and business law, I have a unique skillset and eye for the law, business, and marketing, which gives an added advantage to how I navigate my clients through the journey of entrepreneurship. I believe these skills will easily transfer into a board position and be a valued asset to the HPCH Board and community.

Originally from Maine, I moved to Tampa, FL, in December of 2007 to attend the University of South Florida, graduating in 2010 with a Bachelors of Science in Criminology and Sociology. I later earned her Juris Doctorate from Barry University – Dwayne O. Andreas School of Law, while also working as an Advanced Certified Paralegal, Trademark Specialist, and Office Manager for Hunter Business Law. I later became the Firm Administrator of Hunter Business Law and held dual roles as a legal associate and firm administrator so as to maintain my love of both business and law, until its closure in the summer of 2022.

During my legal career, and the ability to learn the intricacies of business law through my dual roles, I developed a deep passion for helping others start, grow, and protect their businesses, which led me to start Harbour Business Law in 2022. At Harbour Business Law, I am proud to navigate start-ups through their entrepreneurial journeys, and to become an intrinsic partner to my clients. It goes without saying that my experience has taught me to be creative to solve complex problems, and a position on the board will allow me to merge my love for both business and our community.

Thank you for your time and consideration. I'm looking forward to learning more details about how I can help contribute to your team.
